

# DEE DANIELS

## *A Night Out* with THE BOYS

*Nat "King" Cole, Frank Sinatra, Louis Armstrong, and Stevie Wonder. Dee Daniels pays tribute to four of the greatest Gentlemen of Song.*

For nearly a century, this group of extraordinary men have cheered us up, echoed our heartaches, and reminded us of the beauty of just being alive... and of being in love. Get ready for a great evening of memorable music.

In a program of jazz and pop classics that are signature songs of these four icons, Dee serves up each one in her unique jazz styling. It is a style infused with gospel and blues flavoring that transcends musical borders. One critic says, "Daniels' voice has a hypnotic quality, delivering an impressive range that gives the romantic songs and verse of 50 years ago new life and raw emotion."

With each song being complemented by a superlative orchestral arrangement from the pen of Maestro Jeff Tyzik, the stage is set for the audience to experience an unforgettable evening. Included in the program are classic hits: *Mona Lisa, Straighten Up and Fly Right, Smile, Nature Boy, Unforgettable, I've Got The World On A String, I've Got You Under My Skin, All The Way, That's Life, Mack the Knife, Bill Bailey, All In Love Is Fair, Superstition, Isn't She Lovely*; and more.

*"Dee Daniels' concert was absolutely amazing. People are still talking about how much they enjoyed it...high artistic quality and very professional. Thank you so much for a wonderful concert experience."*

*"We all enjoyed Dee's show immensely and had a great time playing it. The charts were fabulous - well arranged and challenging to the players. Dee is an unbelievable entertainer and even more exceptional musician. It was one of the best jazz shows I've done and as a librarian, one of the most organized and well put together programs."*
